Hubbard Glacier is the longest river of ice in North America. The **Hubbard Glacier** is also one of the most active glaciers of its kind in Alaska. Since the ships are designed to provide our guests with the best viewing possible, you'll be able to see this massive natural wonder, with its 1,350 square miles of blue ice, from just about anywhere on the ship.

**Sunday, Aug. 25** **Juneau**

**Juneau** is considered by many to be the most beautiful capital city in the nation. The terrain is hilly, winding, and narrow streets present a small-town quaintness existing side-by-side with cosmopolitan sophistication. A **driving tour** of this city will show us that it has retained much of the excitement of the gold rush era, also includes **Mendenhal glacier**, we have also included a **whale watching tour**.

**Monday, Aug. 26** **Lynn Canal - Skagway**

As we cruise the Lynn Canal, we will see glaciers clinging to the mountains. We'll arrive in the port of Skagway, which is the northern most port in **Alaska's Inside Passage**. Our tour in Skagway will take us up the path of the gold rush. Once we have reached the top we will hop off and get on a bus and see the beautiful sights of the gold rush from a bus back to town. We will stop at the Welcome to Alaska sign for a pic. We end the day with free time in town, with many options of things to do. Or just shop your day away.

**Tuesday, Aug. 27** **Icy Straight Point**

Located fifty miles west of Juneau and at the mouth of Glacier Bay, there lies historic **Icy Strait Point**. Hop on the zipline for a rush of a lifetime.

**Wednesday, Aug. 28** **Ketchikan**

Today we will arrive at the port of **Ketchikan**. This is the southern most port of Alaska's "Inside Passage" and is also known as the "Salmon Capital of the World." Originally established in 1887 as an Indian fishing camp, **Ketchikan** has a lot of history to offer. Our tour here takes us to a village where totem poles originated. After viewing some wildlife we head to creek street, where we walk on the sidewalks made on pillars. Wonderful little rain-stained cabins cling to the hillside above town and rustic buildings can be found around each turn. It's like a "Venice of the Old West".

**Thursday, Aug. 29** **Inside Passage**

It is only fitting that your final day of cruising takes you through some of Alaska's most beautiful scenery. Your cruise ship sails past countless

islands and endless forests, while birds and sea animals provide constant entertainment. On your last full day of cruising, do whatever it is you haven't had a chance to do yet - whether it's getting a facial or going for a stroll around the decks.

**Friday, Aug. 30** **Minnesota**

We'll arrive in **Vancouver** this morning and debark from the ship. It's time to take those last photos as we make our way to the Vancouver airport to fly home.
